

NEW YEAR'S HAT

how-to ideas!

INSTRUCTIONS:

1. Cut one 4" strip of super tape. Apply to upper left corner of Shimmer Gold cover as shown (A) and set aside.
2. Using scissors or guillotine cutter, create fringe topper by cutting one sheet each of Shimmer Silver and Black text in half widthwise. Make fringe cuts along 8 1/2" side approximately 1/8" apart, making sure to leave approximately 2" uncut at opposite end for rolling (B). Roll fringed paper around pencil tightly, secure with tape and remove pencil. Curl fringe with bone folder. Center fringed tube on the sheet of 8 1/2 x 11" Shimmer Gold cover that was prepped with tape earlier (C). Form cone shape, then unpeel super tape backing and press firmly to temporarily hold in place (D).
3. Cone needs to be permanently secured with brads. Do this by making small holes with an x-acto knife where indicated (E). Insert brads into holes and fasten in place.
4. Stamp "Happy New Year" onto Eco-White cover using Versamark inkpad. Sprinkle with Metallic Silver embossing powder. Shake off excess powder and heat with embossing tool. Cut phrase out with slight outline and adhere onto front of hat with two foam squares.
5. Punch 1/8" holes at side of hat and thread approximately 24" of black ribbon through holes. Knot ribbon at both ends with knots on inside of hat. Place on head and pull knots downward to tighten (F).
6. To add sparkle, stick gems all over surface of hat, including brads as pictured.

MATERIALS NEEDED:

8 1/2" x 11" Eco-White Cover Weight Paper · 8 1/2" x 11" Shimmer Gold Cover Weight Paper · 8 1/2" x 11" Shimmer Silver Text Weight Paper · 8 1/2" x 11" Black Text Weight Paper · 1/4" Super Tacky Tape · Happy New Year Rubber Stamp · Versa Mark Watermark Inkpad · Metallic Silver Embossing Powder · Embossing Powder Heat Tool · Black Brads · Clear Adhesive Crystals · 1/4" Black Satin Ribbon · Foam Square Adhesives · 1/8" Hole Punch · X-acto Knife · Scissors · 6" Guillotine Paper Cutter (optional)
